

# An Introduction to AS3

The first 5 things you'll want to do with Actionscript 3

# Me...

- It's spelt J-O-L-Y-O-N
- It's pronounced joe-lee-un
- Started as a Designer, am now a Developer who likes to design, not a Devigner
- I'm a Mook

# Hello World

- Dev Environment, lots of options
- Tracing Hello World
- Simple TextField Hello World

# Loading Bay in constant use

- Loading images and swfs
- Loading data

# Events - lets party

- Load events - loading revisited
- Mouse events

# E4X - kill the nextChild

- XML the easy way

# Everything's new ( )

- Let's a few pieces together
- If we have time tween it
  - Built in tweening classes
  - TweenLite
  - Tweeners

# Questions?
